3                   MR. EBEL: Okay. My name is Lawrence Ebel.

4 I've lived in the community here for 22 years. And I  
5 appreciate the Army recognizing its need for change. The  
6 world is volatile. I approve of their concern for our  
7 community and appreciate them holding these meetings.

8 But my main concern is that the changes are not  
9 derailed by fabricated or unsubstantiated opposition and  
10 wish the Army all success in its goal of defending our  
11 nation and preparing itself to that end.

12 Thank you very much. I appreciate your taking my  
13 statement.

17                   MR. HOE: It's kind of pretty simple. My  
18 understanding of this -- I'm from Hakipu'u on the  
19 windward side.

20 The Army's presence here is definitely not  
21 appreciated. There's so much to say and, myself, I'm not  
22 the best one to say it. But in simplest form, instead of  
23 planning on expansion you should be planning on leaving.  
24 I deeply feel that the Army needs to leave here and take  
25 responsibility for all the damage that its done here and

1 kind of universally by going around spreading waste and  
2 death, and once that has consumed the place, moving to  
3 other places is unacceptable anywhere. And the Army  
4 should have to take responsibility for that.

5 Mahalo (thank you).
